PETITION TO REVIVE
UNDER 37 C.F.R. § 1.137(b) BASED ON UNINTENTIONAL ABANDONMENT

Sir:

Applicant hereby petitions for revival of the present application under 37 CFR § 1.137(b), based on unintentional abandonment of the application. The application was abandoned as a result of Applicant's failure to respond to the Office action mailed on December 28, 1999.

In support of this petition, enclosed herewith are a Declaration by Motoaki Saito, M.D., describing the circumstances of the abandonment and a Declaration by James A. Finder. Also enclosed are an Amendment and Response to the above-mentioned Office Action and the petition fee required under 37 CFR § 1.17(m).

Applicant hereby states that the entire delay in filing the accompanying Amendment and Response, from the due date for responding to the above-mentioned Office Action until the filing of this petition, was unintentional.

RECEIVED

AUG 28 2002

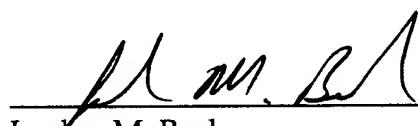

OFFICE OF PETITIONS

The present application was filed on November 10, 1997 under former rule 1.62 of 37 C.F.R., as a file wrapper continuation of application no. 08/422,264. Because this file wrapper continuation was filed after June 8, 1995, no terminal disclaimer is believed to be required under 37 CFR § 1.137(d). The parent of the file wrapper continuation (present application) was filed on April 14, 1995, claiming priority from Netherlands patent application 9400607 filed on April 15, 1994 ("the Dutch application").

Enclosed is a check for \$640.00 for the petition fee required under 37 CFR § 1.17(m). If any additional fee is required, please charge Deposit Account No. 02-2666.

Respectfully submitted,
BLAKELY, SOKOLOFF, TAYLOR & ZAFMAN LLP

OFFICE OF PETITIONS

DECLARATION OF MOTOAKI SAITO, M.D.

1. I, Motoaki Saito, M.D., am Managing Director of Arcobel Graphics B.V., the assignee of the present application ("Assignee"). Assignee is a corporation incorporated in the Netherlands and had a principal place of business in the Netherlands when the application became abandoned. I am also President and Chief Executive Officer of GenTera, Inc., of San Mateo, California, which is the shareholder of 100 percent of Assignee.

2. I have ultimate authority and responsibility for making decisions regarding the intellectual property of Assignee, including prosecution of the present application.

3. The present application was not intentionally allowed to become abandoned. As explained further below, the abandonment resulted from a miscommunication between me and an employee to whom I had delegated responsibility for managing prosecution of the present application. This miscommunication, it is believed, resulted at least partially from language differences and geographic separation between us.

4. Prior to submission of this Declaration and the accompanying Petition to Revive, the attorneys with the responsibility for prosecuting the present application were James Finder of the law firm of Ostrolenk Faber Gerb & Soffen in New York City and one or more other attorneys of that firm under Mr. Finder's supervision (hereinafter referred to collectively as "the U.S. attorney"). The U.S. attorney relied exclusively upon instructions from Addick A.G. Land (hereinafter "the Dutch attorney") of the law firm of Arnold & Seisma in The Hague, Netherlands, for all prosecution-related decisions regarding the present application.

5. The individual to whom I had delegated primary responsibility for instructing and communicating with the Dutch attorney regarding the present application is Sjef ten Den, an employee of Assignee prior to the date of abandonment. Mr. ten Den originates from the Netherlands and resided in the Netherlands during prosecution of the present application and when the present application was abandoned.

6. English is the only language which I and Mr. ten Den speak in common. However, English is not the native language of either of us, nor is it our language of greatest proficiency. The native language of Mr. ten Den is Dutch. My native language is Japanese. Mr. ten Den and I did not use any interpreter for purposes of communicating with each other.

7. The present application was allowed to become abandoned based on instructions from the Dutch attorney to the U.S. attorney not to respond to the Office Action dated December 28, 1999. The Dutch attorney's instructions to the U.S. attorney in this regard were based on instructions he had received from Mr. ten Den.

8. The instructions from Mr. ten Den to the Dutch attorney were based on a miscommunication between me and Mr. ten Den regarding the status of the present application. Mr. ten Den mistakenly concluded, from communications between us in early 2000, that I (as Managing Director of Assignee) did not want the present application to be prosecuted further, and he advised the Dutch attorney accordingly. It is believed that this miscommunication was due, at least in part, to the above-noted language differences between us. The Dutch attorney consequently communicated to the U.S. attorney that Assignee was no longer interested in prosecuting the present application. The U.S. attorney consequently allowed the present application to become abandoned by not responding to the above-noted Office Action.

9. It was never my intention (and, therefore, never the intention of Assignee) to allow the present application to become abandoned. Moreover, the fact that the present application had become abandoned was not communicated to me when the U.S. attorney received the Notice of Abandonment dated August 25, 2000. I became aware of the fact that the present application had been abandoned only in June of this year, during a review of the status of Assignee's intellectual property. Promptly upon learning that the present application had become abandoned, efforts were undertaken to prepare a response to the Office Action and a petition to revive the present application.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further, that these statements were made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the above-identified patent application or any patent issued thereon.

Respectfully submitted,

Motoaki Saito, M.D.

DECLARATION OF JAMES A. FINDER

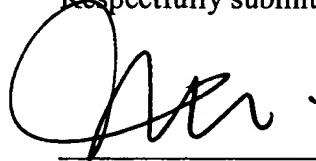

I, James A. Finder, hereby declare that:

1. I and one or more associate attorneys under my supervision prosecuted the above-referenced U.S. patent application prior to the abandonment of said patent application; and

2. All instructions and other communications we received from our client regarding prosecution of said patent application were received by us directly from Mr. Addick A.G. Land of the law firm of Arnold & Siedsma in The Hague, Netherlands, including the letter dated June 23, 2000 (attached), which instructed us not to respond to the Office Action mailed on December 28, 1999.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further, that these statements were made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the above-identified patent application or any patent issued thereon.
